

Lab 3 - Validating Linearizability of Lock-free Skiplists

- Group X
- Lastname, Firstname and Lastname, Firstname

1. Measuring execution time

1.1 Measurement program

I modified the measurement program to ...

1.2 Dardel experiments

2. Identify and validate linearization points

2.1 Identify linearization points

2.2 Develop a validation method

2.3 Locked time sampling

2.4 Lock-free time sampling with local log

2.5 Lock-free time sampling with global Log

2.6 Dardel experiments
